

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifiers

Product name : Pre-Lim Metal Burnisher

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses : Non-scratch metal burnishing paste

#### 1.3 Details of the supplier of the safety data sheet

Company : Picreator Enterprises Limited  
44 Park View Gardens  
Hendon  
London  
NW4 2PN  
UNITED KINGDOM

Telephone : 0208 2028972  
Internet : www.picreator.co.uk

#### 1.4 Emergency telephone number

Emergency Phone # : 0208 2028972 (09:00 – 17:00 Monday to Friday)

### 2. HAZARDS IDENTIFICATION

#### 2.1 Classification of the substance or mixture

Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008.

#### 2.2 Label elements

The product does not need to be labelled in accordance with EC directives or respective national laws.

#### 2.3 Other hazards - none

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### 3.1 Mixtures

CAS No.	EC No.	Index No.	Classification	Concentration
Hydrocarbon solvents (contains less than 0.1% benzene by weight)				
[-]	[-]	[-]	Flam. Liq 3, Asp.Tox.1, Chronic Aquatic 2 H226, H304, H411	80%
Also contains microcrystalline wax				

Pre-Lim Metal Burnisher consists of a blend of hydrocarbon solvents, water, emulsifier, fillers, fine chalks and surface active agents. The blending of Pre-Lim results in a solid paste which does not meet the UN criteria for a flammable solid. As the hydrocarbon component is present in a form that is not available to the aquatic environment a classification as an environmental hazard is not deemed to be appropriate.

For the full text of the H-Statements, R-Phrases and classification notes mentioned in this Section, see Section 16

---

## 4. FIRST AID MEASURES

### 4.1 Description of first aid measures

#### **If inhaled**

If vapour or mists are breathed in, move person into fresh air. If not breathing, give artificial respiration.

#### **In case of skin contact**

Wash off with soap and plenty of water. If irritation persists seek further medical attention.

#### **In case of eye contact**

Rinse thoroughly with plenty of water for at least 15 minutes and seek further medical attention.

#### **If swallowed**

Never give anything by mouth to an unconscious person. Rinse mouth with water. Seek further medical attention.

### 4.2 Most important symptoms and effects, both acute and delayed

To the best of our knowledge, the chemical, physical, and toxicological properties of the mixture have not been thoroughly investigated.

### 4.3 Indication of any immediate medical attention and special treatment needed

No data available.

---

## 5. FIREFIGHTING MEASURES

### 5.1 Extinguishing media

#### **Suitable extinguishing media**

Use media such as alcohol/aqueous foam, dry chemical, or carbon dioxide or water spray/fog which are suitable and appropriate for any surrounding fire. Material is expected to be combustible.

### 5.2 Special hazards arising from the substance or mixture

Highly dependent on combustion conditions. A complex mixture of dense smoke containing airborne solids, liquids, and gases including carbon monoxide, carbon dioxide, and unidentified organic compounds will be evolved when this material undergoes combustion.

### 5.3 Advice for firefighters

Do not breathe decomposition products and fumes. Use approved self-contained breathing apparatus. Wear fire retardant clothing. Do not enter any enclosed or confined fire space without proper protective equipment, including self-contained breathing apparatus. Use water spray to cool containers. Use water fog to disperse vapours and leaks that have not ignited. Prevent runoff from fire control from entering waterways. Large fires should only be dealt with by trained personnel.

### 5.4 Further information

No data available.

---

## 6. ACCIDENTAL RELEASE MEASURES

### 6.1 Personal precautions, protective equipment and emergency procedures

Use suitable personal protective equipment (refer to Section 8 for details). Avoid breathing vapours or mists. Ensure adequate ventilation.

### 6.2 Environmental precautions

Prevent further leakage or spillage if safe to do so. Do not let product enter drains or watercourses.

### 6.3 Methods and materials for containment and cleaning up

Place contaminated materials in disposable containers and dispose of in a manner consistent with applicable regulations.

### 6.4 Reference to other sections

For disposal see section 13.

---

## 7. HANDLING AND STORAGE

### 7.1 Precautions for safe handling

Avoid inhalation of vapour. Keep away from sources of ignition.

### 7.2 Conditions for safe storage, including any incompatibilities

Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

### 7.3 Specific end use(s)

No data available.

---

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**8.1 Control parameters**

**Components with occupational exposure limits**

Component	CAS No.	Reference period	
-----------	---------	------------------	--

---

## 10. STABILITY AND REACTIVITY

### 10.1 Reactivity

No data available on mixture.

### 10.2 Chemical stability

Expected to be Stable at normal temperatures and under recommended storage conditions.

### 10.3 Possibility of hazardous reactions

No data available.

### 10.4 Conditions to avoid

High temperature (>50°C), sources of ignition & direct sunlight.

### 10.5 Incompatible materials

Strong oxidising agents.

### 10.6 Hazardous decomposition products

No hazardous decomposition products when stored and handled correctly.

---

## 11. TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

#### Acute toxicity

No data available on mixture. Not expected to have any acute toxic effects.

#### Skin corrosion/irritation

No data available on mixture. Not expected to cause any acute skin corrosion or irritation.

#### Serious eye damage/eye irritation

No data available on mixture. Not expected to cause any acute eye damage or primary irritation; mild reversible eye irritation may be possible following exposure.

#### Respiratory or skin sensitisation

No data available on mixture. Not expected to have sensitisation potential.

#### Germ cell mutagenicity

No data available.

#### Carcinogenicity

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

#### Reproductive toxicity

No data available.

#### Specific target organ toxicity - single exposure

No data available on mixture. Inhalation of significant vapours or mists may cause transient respiratory irritation

#### Specific target organ toxicity - repeated exposure

No data available

#### Aspiration hazard

No data available on mixture. Not expected to pose an aspiration hazard.

#### Potential health effects

<b>Inhalation</b>	May be harmful if inhaled. May cause respiratory tract irritation.
<b>Ingestion</b>	May be harmful if swallowed.
<b>Skin</b>	May be harmful if absorbed through skin. May cause skin irritation.
<b>Eyes</b>	May cause eye irritation.

#### Signs and Symptoms of Exposure

To the best of our knowledge, the chemical, physical, and toxicological properties of this mixture have not been thoroughly investigated.

#### Additional Information

Not available.

---

## 12. ECOLOGICAL INFORMATION

### 12.1 Toxicity

The hydrocarbon solvent component of Pre-Lim will not leach from the paste and is therefore not considered to be able to contaminate water courses or promote aquatic toxicity.

### 12.2 Persistence and degradability

Not expected to release persistent components.

### 12.3 Bioaccumulative potential

Not expected to bioaccumulate.

### 12.4 Mobility in soil

Immobile solid.

### 12.5 Results of PBT and vPvB assessment

No data available.

### 12.6 Other adverse effects

No data available.

---

## 13. DISPOSAL CONSIDERATIONS

### 13.1 Waste treatment methods

#### Product

Material is not classified as hazardous waste under the Hazardous Waste Regulations 2005 (as amended). Follow supplier's instructions regarding safe methods of disposal. Do not discharge into drains or watercourses without prior approval.

#### Contaminated packaging

Dispose of as unused product.

---

## 14. TRANSPORT INFORMATION

### 14.1 UN number

ADR/RID: -

IMDG: -

IATA: -

### 14.2 UN proper shipping name

ADR/RID: Not dangerous goods

IMDG: Not dangerous goods

IATA: Not dangerous goods

### 14.3 Transport hazard class(es)

ADR/RID: -

IMDG: -

IATA: -

### 14.4 Packaging group

ADR/RID: -

IMDG: -

IATA: -

### 14.5 Environmental hazards

ADR/RID: no

IMDG Marine Pollutant: no

IATA: no

### 14.6 Special precautions for user

No data available

---

## 15. REGULATORY INFORMATION

This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006.

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Health & Safety at Work etc. Act 1974

Control of Substances Hazardous to Health Regulations 2002 (as amended)

Classification, Labelling and Packaging of Substances and Mixtures Regulations 2008 (as amended)

EH40/2005 Workplace Exposure Limits (as amended)

Environmental Protection Act 1990

Hazardous Waste Regulations 2005 (as amended)

### 15.2 Chemical Safety Assessment

No data available.

---

## 16. OTHER INFORMATION

### Further information

#### Text of H-code(s) and R-phrase(s) mentioned in Section 3

H226	Flammable liquid and vapour
H304	May be fatal if swallowed and enters airways
H411	Toxic to aquatic life with long lasting effects

#### Recommended restrictions on use

Use in accordance with manufacturer's technical instructions.

#### Revision History

Amendment to first issue of 1/9/2014. Alterations to safety data sheet layout in accordance with changes to EC1907/2006 amendments and removal of references to SI:2009/716.

The information in this Safety Data Sheet should be provided to all who will use, handle, store, transport or otherwise be exposed to this product. This information has been prepared for the guidance of plant engineering, operations, management and for people working with or handling these products. This information is believed to be reliable and updated at Revision Date, and represents the best information currently available and known by Picreator Enterprises Limited (Picreator). However, Picreator makes no guarantee or warranty, express or implied, with respect to such information and we assume no liability resulting from its use. The information related herein is based on proper handling and anticipated uses and is for the material without chemical additions or alterations. Users should make their own investigations to determine the suitability of the information for their particular purposes. It is the responsibility of the user to undertake a suitable risk assessment/COSHH assessment prior to using this material.
